

FOR IMMEDIATE RELEASE

## **Foremay's Ultra Fast x8 PCIe SSD Card Starts Volume Shipping**

*The EC188™ D-series solid state drive (SSD) is now in volume production, which has a standard x8 PCI Express SSD interface that boosts read/write speed up to 1,300/1,100 MB/s with a massive capacity of up to 2 TB*

**FREMONT, California - December 14, 2009** - Foremay, Inc., a leader of technology innovation in flash hard drives and one of the Top 10 SSD OEMs, today announced volume shipping for the EC188 D-series solid state drive which has a standard second generation high speed x8 PCIe host interface. The EC188 D-series solid state disk is designed for desktops, workstations and servers with x8 and x16 PCIe slots, with gigabyte speeds up to 1.3 GB/s for reading and 1.1 GB/s for writing. The jumbo capacity of the EC188 D-series PCI Express card SSD is up to 2 TB. It helps solve the storage bottleneck problem in dense I/O, heavy traffic load and high speed computing applications such as full HD video and HDTV recording / editing / transmitting, as well as in high end gaming machines, enterprise servers / workstations, and EAD / IC Design simulations and verifications.

"Our EC188 D-series PCIe SSD products have been proven with customer satisfaction during the pilot run period," said Jason Hoover, Foremay's vice president of marketing. "In order to meet our customers' needs for volume shipping, Foremay has made great efforts to move up the mass production schedule so that our customers can now enjoy the great performance of our EC188 D-series PCIe SSD card."

The EC188 Dragon PCIe card solid state hard drive supports various operating systems including Window 7 /Vista/XP/2000/Server, Mac OS X 10.4/5/6, Solaris, Linux, UNIX and more. Other features available with the EC188 Dragon PCIe SSD include power outage protection, dual PCIe configuration through a built-in PCIe RAID controller, and active garbage collection.

### ***EC188 D-series PCIe SSD Availability***

The EC188 D-series PCIe card solid state drives are now shipping in volume production. For more information about specifications and pricing of the EC188 D-series PCIe SSD, please contact [info@foremay.net](mailto:info@foremay.net)

### **About Foremay**

Founded in the Silicon Valley in 2002, Foremay, Inc. is a leading company dedicated to

technology innovation in Solid State Drive ( SSD ) for high reliability mission critical computing, industrial computing, enterprise computing, and high end personal computing. Foremay's vision is to bring to the marketplace high reliability, high ruggedness and high performance solid state drives with "Green Initiatives" in mind. Foremay is headquartered in the Silicon Valley, California, USA. For more information and product details please visit [www.foremay.net](http://www.foremay.net)
